CAR STRIKE HAS BEEN SETTLED

Union Will Ratify Agreement With Company.

Will Sumo Work At 22 Cents An Hour.

New York Strikebreakers All Have Been Deported.

UGLY SITUATION RELIEVED.

Philadelphia, Pa., June 4.—The employees of the Philadelphia Rapid Transit Company late to-night voted to accept the proposition made by the company which had been submitted to them earlier in the evening by the subcommittee appointed to confer with the traction officials.

In the extreme northern and northeastern sections of the city, the hotels of rioting, the vote was almost unanimous against accepting the compromise, but as the horns in the less turbulent districts were heard from the heavy anti-compromise vote was overcome and assurance was given that the cars would again be placed in operation to-morrow morning.

Fourteen cars voted to accept the terms offered by the company and four against, with one to be heard from. The total vote is 3,256 for to 619 against.

Philadelphia, June 4.—"The strike has been settled. The men will receive 22 cents an hour beginning to-morrow morning and ten hours will constitute a day's work."

This statement, emanating from C. O. Pratt, chairman of the executive committee of the Amalgamated Association of Street Railway Employees, the leader of the striking motormen and conductors, followed by the deportation of the strikebreakers who came here from New York, ended the strike of the employees of the Philadelphia Rapid Transit Company. The strike began one week ago to-morrow morning. The termination of the trouble between the company and its employees was brought about primarily by State Senator James P. McNichol, the Republican leader of this city, at conferences yesterday with the traction officials and the strikers' representatives. These conferences were followed by additional meetings to-day. The delegates chosen early to-day by the strikers met in the morning and in the afternoon and discussed the proposition which had been made by the traction people. Some of the delegates insisted upon 25 cents per hour, while others thought 22 cents an hour and a ten-hour day was a fair compromise.

Terms of Settlement.

After being in session nearly all day, the men agreed to accept 22 cents an hour. The old "swing system" has been abolished. Ten hours will constitute a day's work; all employees will be permitted to purchase their uniforms in the open market; all future differences are to be adjusted between the company and a grievance committee chosen by the employees. If, after an investigation by the City Controller of the books of the company, it can be shown that more than 22 cents an hour can be paid without crippling the finances of the Rapid Transit Company, then the men will insist upon a further advance in wages.

A subcommittee of employees which was chosen by the committee of nineteen—one from each barn-met to-night and ratified the agreement with the company. The elevated men, many of whom had been out of work for some time, are also to receive an increase of 1 cent an hour.

No Effort To Run Cars.

Notwithstanding that the strike, at all intents and purposes, was practically settled before 6 o'clock, the evening Leader of the men made no effort to run the cars. The men, who were closed at 6 o'clock to-morrow morning.

There were several incipient riots in the northeastern section of the city early in the evening, but the crowds which congregated were driven to shelters by a steady rain without having inflicted much damage. Several strike-breakers were forced to abandon their cars and run the gauntlet of strike sympathizers, dodging bricks, clubs, umbrellas and other weapons of offense.

A Small Riot.

There was a small riot at Twelfth and York streets, where a mob of several hundred persons took up a position along the line of the Reading railroad and, pelting a passing car with stones, coal and bricks. The crew and passengers dashed from the car and the mob, bent upon destroying the trolley, made a rush for it, but a score of policemen drove their revolvers and fired several shots into the air. The crack of the firearms had a quieting effect upon the lawless crowd and they withdrew in double-quick time. There were half a dozen arrests, but no attempt was made to release the prisoners from the policemen.

The trouble has been the most complete tie-up ever experienced by local trolley companies and the temper of the people was more violent than in the strike of 1908.

Both sides satisfied.

Apparently With Progress of B. and O. Machinists' Strike.

Baltimore, Md., June 4.—To-night both sides are apparently entirely satisfied with the strike conditions in the shops along the line of the Reading railroad and, inaugurated in the Mount Clare shops, the strike has been extended to the other divisions of the piece-work system. The railroad officials admit that the strike has been entirely successful in its purpose, and that only a part of the men have quit at three places. The men have advised that 113 have quit at the shops at East Philadelphia and Keyser, W. Va., but say none of the men have quit work at the Riverdale shops, this city.

The strikers claim that all the men are out of the shops at East Philadelphia, while the men at the shops at Keyser, W. Va., and at the shops at Riverdale, Md., are out at three places. The men have advised that 113 have quit at the shops at East Philadelphia and Keyser, W. Va., but say none of the men have quit work at the Riverdale shops, this city.

road shops, and that practically every one of them has stopped work. The company's statement is that the number of men who have quit is considerably larger. The figures furnished by the company show that outside this city 566 men are out, and that the strike has been extended to 220 men out at Mount Clare and 220 men out at Riverdale. The company is filling vacancies as fast as they occur.

EVANSVILLE RAILWAY STRIKE Still In Progress, Efforts To Arbitrate Being Unsuccessful.

Evansville, Ind., June 4.—(Special.)—The strike of the Evansville street car motormen made new efforts to have the strike arbitrated late this afternoon when they asked the Evansville and then Indiana Traction Company, through President John Reese, of the Street Car Trust Union, to leave the question to a committee of five, this committee to have the right to settle the strike and both sides to agree by the finding of the committee. Reese proposed to have the strike car company name two men, the Central Labor Union to select two and the Evansville and then Indiana Traction Company to select two. It is understood that the traction company officials will refuse to entertain the proposition of Reese, as they have contended all along they have nothing to arbitrate; they cannot afford to raise the wages of the men and that they will under no circumstances recognize the car men's union.

Cars were operated on all the city lines to-day and up to 11 o'clock to-night. The strike of the Evansville Business Association, after making investigation, asked the striking car company to name two men, but to this the car men objected. The Evansville Business Association, however, was convinced that the past record of making money during the past year the company had actually lost money.

Corsicans In Dire Straits. Bastia, Corsica, June 4.—The populace of the island of Corsica is in dire straits. The strike of the Marseilles sailors, which has cut off their main source of obtaining food, has been extended to the island. The strike of the railroad men has now been going on for a month, and many of the villages in the island are lacking everything.

Miners' Strike Settled. Wheeling, W. Va., June 4.—A dispute regarding the rate of pay for outside work was settled by the company and the miners' union of West Virginia, O. S. A., resulting in 215 men striking several days ago, and the miners' union of Ohio State President George, of the United Mine Workers, ordered the men back to work.

ANONYMOUS LETTER MAY PROVE CLEW TO MURDER OF DR. BINKLEY IN CHICAGO HOTEL.

SUSPECT ARRESTED DENIES ALL KNOWLEDGE OF CASE.

MAKING SEARCH FOR WATCH.

Chicago, June 4.—(Special.)—What may prove an important clue in the mystery surrounding the death of Dr. John T. Binkley, who was found shot in the Wellington Hotel Wednesday, was given to the police by an anonymous letter to Capt. P. D. O'Brien. The letter named an employee of a coal yard on the North Side, whom the writer asserted he overheard talking to a friend of his, who was an elevator boy, he knows in the Wellington Hotel, and getting "easy money" and a gold watch from an "old man." In doubt whether the letter was sent by some one who wished to injure the doctor, or by a friend of his, who wished to help the police, detectives at once arrested Dr. Binkley's elevator boy, who denied all knowledge of the case. Meanwhile, accumulating evidence added strength to the murder theory.

Dr. John T. Binkley, Jr., son of the 52-year-old Evansville physician, has abandoned a trip to Europe, in which he was to have started next week, and will remain in the city to assist in the investigation of the crime, who he is convinced, was a sneak thief, who robbed the aged man of his watch and gold. The watch has not been recovered, and though it was ascertained from relatives that it had been sold to the Chicago Police, it was not the one he owned. It was a cheap second-hand revolver, distinctly Dr. Binkley's, which was found in Shawneetown, Ill., his old home, to-day for burial.
